

## Product Information

### AGOLIN PIG L

<b>Description:</b>	AGOLIN PIG L is a blend of flavouring compounds for animal nutrition. Appearance: transparent - yellowish Structure: liquid, dispersible in water Odour: bergamot/thyme
<b>Active ingredients:</b>	AGOLIN PIG L is a carefully balanced combination of essential oil compounds in their natural / nature-identical form. All active substances are of high purity and are accepted for use under current European animal feed and human food legislation.
<b>Mode of action:</b>	AGOLIN PIG L helps to optimise feed intake and digestive functions.
<b>Utilisation:</b>	For feed production only.
<b>Recommended dosage:</b>	100 - 200 mg/kg of feed for piglets, fattening pigs and sows.
<b>Incorporation:</b>	AGOLIN PIG L should be incorporated into drinking water or premixes prior to mixing in feed in order to ensure a homogenous distribution.
<b>Storage:</b>	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the package after each withdrawal. Avoid storage of AGOLIN PIG L in plastic or plexiglass containers.
<b>Expiry date:</b>	18 months after production.
<b>Stability:</b>	AGOLIN PIG L is stable in premixes, concentrates as well as in mash and pelleted feed.
<b>Palatability:</b>	At the recommended dosage AGOLIN PIG L is readily accepted.
<b>Compatibility:</b>	AGOLIN PIG L is compatible with other commonly used feed additives such as enzymes, acidifiers, probiotics, etc.
<b>Tolerance:</b>	At three times the recommended level, feed intake might be reduced.
<b>Safety for non-target animals:</b>	In case of accidental access to non-target animals, AGOLIN PIG L presents no particular risks.
<b>Packaging:</b>	AGOLIN PIG L is available in 20 – 200 kg drums
<b>Quality control:</b>	AGOLIN PIG L is subject to a strict quality control procedure before release for distribution.

## Product Information

**Health and safety data sheets:**

Available upon request.

**Legislation:**

For EU countries, AGOLIN PIG complies with the Regulation (EC) 1831/2003 on feed additives and the legislation concerning the undesirable substances and products in animal nutrition.

AGOLIN PIG is classified as "premixture of flavouring compounds" (sensory additives).

All flavouring compounds used in AGOLIN products are listed on the Register of Feed Additives pursuant to Regulation (EC) No. 1831/2003.

For the United States, all flavour ingredients contained in AGOLIN PIG are FDA approved.

Nov 2019
