

Product Information

AGOLIN NATURU

Description:	AGOLIN NATURU is a blend of flavouring compounds for animal nutrition, designed for dairy cows and beef cattle. Appearance: greyish Structure: non-dusty powder Odour: coriander like
Active ingredients:	AGOLIN NATURU is a carefully balanced combination of essential oil compounds in their natural form, GMO free. All active substances are of high purity and are accepted for use under current European animal feed and human food legislation and comply with the current regulation on organic production (EC 834/2007 and EC 889/2008).
Carrier materials:	All carrier compounds of AGOLIN NATURU are natural and comply with the current regulation on organic production (EC 834/2007 and EC 889/2008).
Mode of action:	AGOLIN NATURU helps to optimise feed intake and digestive functions.
Utilisation:	For feed production only.
Recommended dosage:	Dairy cows 0.8 – 1.2 g / head / day Beef cattle 150 – 200 mg / 100 kg live weight / day Sheep and goats 100 mg / head / day
Storage:	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the package after each withdrawal. Avoid storage of AGOLIN NATURU in plastic or plexiglass containers.
Expiry date:	18 months after production.
Palatability:	At the recommended dosage AGOLIN NATURU is readily accepted.
Compatibility:	AGOLIN NATURU is compatible with other commonly used feed additives such as yeasts, probiotics, etc.
Tolerance:	At three times the recommended level, feed intake might be reduced.
Safety for non-target animals:	In case of accidental access to non-target animals, AGOLIN NATURU presents no particular risks.
Packaging:	AGOLIN NATURU is available in 25 kg cardboard boxes with a polyethylene inner bag.
Quality control:	AGOLIN NATURU is subject to a strict quality control procedure before release for distribution.

Legislation:

For EU countries, AGOLIN NATURU complies with the Regulation (EC) 1831/2003 on feed additives and the legislation concerning the undesirable substances and products in animal nutrition.

AGOLIN NATURU is classified as "premixture of flavouring compounds" (sensory additives).

All flavouring compounds used in AGOLIN products are listed on the Register of Feed Additives pursuant to Regulation (EC) No. 1831/2003.

For the United States, all flavour ingredients contained in AGOLIN NATURU are FDA approved.
