

## Product Information

### AGOLIN POULTRY L

<b>Description:</b>	AGOLIN POULTRY L is a blend of flavouring compounds for animal nutrition. Appearance: transparent, yellow Structure: liquid, dispersible in water Odour: clove like
<b>Active ingredients:</b>	AGOLIN POULTRY L is a carefully balanced combination of essential oil compounds in their natural / nature-identical form. All active substances are of high purity and are accepted for use under current European animal feed and human food legislation.
<b>Mode of action:</b>	AGOLIN POULTRY L helps to optimise feed intake and digestive functions.
<b>Utilisation:</b>	For feed production only.
<b>Recommended dosage:</b>	100 - 200 mg/kg of feed for poultry.
<b>Incorporation:</b>	AGOLIN POULTRY L should be incorporated into drinking water or premixes prior to mixing in feed in order to ensure a homogenous distribution.
<b>Storage:</b>	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully close the container after each withdrawal. Avoid storage of AGOLIN POULTRY L in plastic or plexiglass containers.
<b>Expiry date:</b>	18 months after production.
<b>Stability:</b>	AGOLIN POULTRY L is stable in premixes, concentrates as well as in mash and pelleted feed.
<b>Palatability:</b>	At the recommended dosage AGOLIN POULTRY L is readily accepted.
<b>Compatibility:</b>	AGOLIN POULTRY L is compatible with other commonly used feed additives such as enzymes, acidifiers, probiotics, etc.
<b>Tolerance:</b>	At three times the recommended level, feed intake might be reduced.
<b>Safety for non-target animals:</b>	In case of accidental access to non-target animals, AGOLIN POULTRY L presents no particular risks.
<b>Packaging:</b>	AGOLIN POULTRY L is available in 20 – 200 kg drums
<b>Quality control:</b>	AGOLIN POULTRY L is subject to a strict quality control procedure before release for distribution.

## Product Information

**Health and safety data sheets:**

Available upon request.

**Legislation:**

For EU countries, AGOLIN POULTRY L complies with the Regulation (EC) 1831/2003 on feed additives and the legislation concerning the undesirable substances and products in animal nutrition.

AGOLIN POULTRY L is classified as "premixture of flavouring compounds" (sensory additives).

All flavouring compounds used in AGOLIN products are listed on the Register of Feed Additives pursuant to Regulation (EC) No. 1831/2003.

For the United States, all flavour ingredients contained in AGOLIN POULTRY L are FDA approved.
