

Product Information

AGOLIN NATURMO

Description:	AGOLIN NATURMO is a blend of flavouring compounds for animal nutrition, designed for calves, pigs and poultry. Appearance: grey Structure: non-dusty powder Odour: spicy
Active ingredients:	AGOLIN NATURMO is a carefully balanced combination of essential oil compounds in their natural form, GMO free. All active substances are of high purity and are accepted for use under current European animal feed and human food legislation and comply with the current regulation on organic production (EC 834/2007 and EC 889/2008).
Carrier materials:	All carrier compounds of AGOLIN NATURMO are natural and comply with the current regulation on organic production (EC 834/2007 and EC 889/2008).
Mode of action: Utilisation:	AGOLIN NATURMO helps to optimise feed. For feed production only.
Recommended dosage:	400 – 650 mg /calf / day 100 – 250 mg / pig / day 100 – 250 mg / poultry / day
Storage:	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the package after each withdrawal. Avoid storage of AGOLIN NATURMO in plastic or plexiglass containers.
Expiry date:	18 months after production.
Solubility:	AGOLIN NATURMO is dispersible / soluble in water or in milk.
Palatability:	At the recommended dosage AGOLIN NATURMO is readily accepted.
Compatibility:	AGOLIN NATURMO carries no known incompatibilities with other commonly used feed additives such as yeasts, probiotics, etc.
Tolerance:	At ten times the recommended level, feed intake and the health status of the animals is not affected.
Safety for non-target animals:	AGOLIN NATURMO presents no known risk to non target animals
Packaging:	AGOLIN NATURMO is available in 25 kg cardboard boxes with a polyethylene inner bag.
Quality control:	AGOLIN NATURMO is subject to a strict quality control procedure before release for distribution.

Product Information

Health and safety data sheets:

Available upon request.

Legislation:

For EU countries, AGOLIN NATURMO is classified as a premixture of flavouring compounds in line with EU legislation including Regulation (EC) 1831/2003 on additives for use in animal nutrition and Directive 2002/32/EC on undesirable substances in animal feed.

For the United States, all flavour ingredients contained in AGOLIN NATURMO are FDA approved.

Furthermore, all flavouring compounds used in the AGOLIN products are approved for food and appear on the FEMA/GRAS lists.
