

Product Information

AGOLIN RUMINANT L

Description:	AGOLIN RUMINANT L is a blend of flavouring compounds for animal nutrition. Appearance: transparent, slightly yellow Structure: liquid, water dispersible Odour: coriander like
Active ingredients:	AGOLIN RUMINANT L is a carefully balanced combination of essential oil compounds in their natural / nature-identical form. All active substances are of high purity and are accepted for use under current European animal feed and human food legislation.
Mode of action:	AGOLIN RUMINANT L helps to optimise feed intake.
Utilisation:	For feed production only.
Recommended dosage:	Dairy cows 0.8 – 1.2 g / head / day. Beef cattle 150 – 200 mg / 100 kg live weight / day. Sheep and goats 0.1 g/head/day
Incorporation:	AGOLIN RUMINANT L should be incorporated in premixes prior to mixing in feed in order to ensure a homogenous distribution.
Storage:	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the container after each withdrawal. Avoid storage of AGOLIN RUMINANT L in plastic or plexiglass containers.
Expiry date:	18 months after production.
Stability:	AGOLIN RUMINANT L is stable in premixes, concentrates as well as in mash, pelleted or expanded feed.
Palatability:	At the recommended dosage AGOLIN RUMINANT L is readily accepted.
Compatibility:	AGOLIN RUMINANT L carries no known incompatibilities with other commonly used feed additives such as yeasts, probiotics, etc.
Tolerance:	At three times the recommended level, feed intake might be reduced.
Safety for non-target animals:	AGOLIN RUMINANT L presents no known risk to non-target animals.
Packaging:	AGOLIN RUMINANT L is available in 20 to 200 kg drums

Product Information
