

## Product Information

### AGOLIN RUMINANT

<b>Description:</b>	AGOLIN RUMINANT is a blend of flavouring compounds for animal nutrition. Appearance: white / beige Structure: free flowing, non-dusty micro-beads Odour: coriander like
<b>Active ingredients:</b>	AGOLIN RUMINANT is a carefully balanced combination of micro-encapsulated essential oil compounds in their natural / nature-identical form. All active substances are of high purity and are accepted for use under current European and USA animal feed and human food legislation.
<b>Mode of action:</b>	AGOLIN RUMINANT helps to optimise feed intake.
<b>Utilisation:</b>	For feed production only.
<b>Recommended dosage:</b>	Dairy cows 0.8 – 1.2 g / head / day. Beef cattle 150 – 200 mg / 100 kg live weight / day. Sheep and goats 0.1 g / head / day.
<b>Incorporation:</b>	AGOLIN RUMINANT should be incorporated into premixes or concentrates prior to mixing in feed in order to ensure a homogenous distribution.
<b>Storage:</b>	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the package after each withdrawal. Avoid storage of AGOLIN RUMINANT in plastic or plexiglass containers.
<b>Expiry date:</b>	18 months after production.
<b>Stability:</b>	AGOLIN RUMINANT is stable in premixes, concentrates as well as in mash and pelleted feed.
<b>Palatability:</b>	At the recommended dosage AGOLIN RUMINANT is readily accepted.
<b>Compatibility:</b>	AGOLIN RUMINANT carries no known incompatibilities with other commonly used feed additives such as yeasts, probiotics, etc.
<b>Tolerance:</b>	At ten times the recommended level, feed intake and the health status of the animals is not affected.
<b>Safety for non-target animals:</b>	Agolin Ruminant presents no known risk to non-target animals.
<b>Packaging:</b>	AGOLIN RUMINANT is available in 25 kg cardboard boxes with a polyethylene inner bag.

## Product Information

<b>Quality control:</b>	AGOLIN RUMINANT is subject to a strict quality control procedure before release for distribution.
<b>Health and safety data sheets:</b>	Available upon request.
<b>Legislation:</b>	<p>For EU countries, AGOLIN RUMINANT is classified as a premixture of flavouring compounds in line with EU legislation including Regulation (EC) 1831/2003 on additives for use in animal nutrition and Directive 2002/32/EC on undesirable substances in animal feed.</p> <p>For the United States, all flavour ingredients contained in AGOLIN RUMINANT are FDA approved.</p> <p>Furthermore, all flavouring compounds used in the AGOLIN products are approved for food and appear on the FEMA/GRAS lists.</p>
