

Product Information

AGOLIN PIG

Description:	AGOLIN PIG is a blend of flavouring compounds for animal nutrition. Appearance: white / beige Structure: free flowing, non-dusty micro-beads Odour: bergamot / thyme
Active ingredients:	AGOLIN PIG is a carefully balanced combination of micro-encapsulated essential oil compounds in their natural / nature-identical form. All active substances are of high purity and are accepted for use under current European animal feed and human food legislation.
Mode of action:	AGOLIN PIG helps to optimise feed intake.
Utilisation:	For feed production only.
Recommended dosage:	100 - 200 mg/kg of feed for piglets, fattening pigs and sows.
Incorporation:	AGOLIN PIG should be incorporated into premixes prior to mixing in feed in order to ensure a homogenous distribution.
Storage:	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the package after each withdrawal. Avoid storage of AGOLIN PIG in plastic or plexiglass containers.
Expiry date:	18 months after production.
Stability:	AGOLIN PIG is stable in premixes, concentrates as well as in mash, pelleted or expanded feed.
Palatability:	At the recommended dosage AGOLIN PIG is readily accepted.
Compatibility:	AGOLIN PIG carries no known incompatibilities with other commonly used feed additives such as yeasts, probiotics, etc.
Tolerance:	At three times the recommended level, feed intake might be reduced.
Safety for non-target animals:	AGOLIN PIG presents no known risk to non target animals.
Packaging:	AGOLIN PIG is available in 25 kg cardboard boxes with a polyethylene inner bag.
Quality control:	AGOLIN PIG is subject to a strict quality control procedure before release for distribution.

Product Information

Health and safety data sheets:

Available upon request.

Legislation:

For EU countries, AGOLIN PIG is classified as a premixture of flavouring compounds in line with EU legislation including Regulation (EC) 1831/2003 on additives for use in animal nutrition and Directive 2002/32/EC on undesirable substances in animal feed.

For the United States, all flavour ingredients contained in AGOLIN PIG are FDA approved.

Furthermore, all flavouring compounds used in the AGOLIN products are approved for food and appear on the FEMA/GRAS lists.
