

Product Information

AGOLIN CALF

Description:	AGOLIN CALF is a blend of flavouring compounds for animal nutrition. Appearance: white Structure: free flowing powder, water dispersible Odour: coriander like
Active ingredients:	AGOLIN CALF is a carefully balanced combination of essential oil compounds in their natural / nature-identical form. All active substances are of high purity and are accepted for use under current USA and European animal feed and human food legislation.
Mode of action:	AGOLIN CALF helps to optimise feed intake.
Utilisation:	For feed production only.
Recommended dosage:	CALVES 0.5 -1 g/head/day
Precautions:	AGOLIN CALF should be added to the feed earliest after 24 hours of life
Incorporation:	AGOLIN CALF should be incorporated into premixes or concentrates prior to mixing in feed in order to ensure a homogenous distribution.
Storage:	Store in a dry place and at less than 25°C. Once opened, contents should be used within a short period of time. Carefully seal the package after each withdrawal. Avoid storage of AGOLIN CALF in plastic or plexiglass containers.
Expiry date:	18 months after production.
Stability:	AGOLIN CALF is stable in milk powder, premixes and concentrates.
Palatability:	At the recommended dosage AGOLIN CALF is readily accepted.
Compatibility:	AGOLIN CALF carries no known incompatibilities with other commonly used feed additives such as yeasts, probiotics, etc.
Tolerance:	At ten times the recommended level, feed intake and the health status of the animals is not affected.
Safety for non-target animals:	AGOLIN CALF presents no known risk to non-target animals
Packaging:	AGOLIN CALF is available in 25 kg cardboard boxes with a polyethylene inner bag.
Quality control:	AGOLIN CALF is subject to a strict quality control procedure before release for distribution.
Health and safety data sheets:	Available upon request.

Product Information

Legislation:

For EU countries, AGOLIN CALF is classified as a premixture of flavouring compounds in line with EU legislation including Regulation (EC) 1831/2003 on additives for use in animal nutrition and Directive 2002/32/EC on undesirable substances in animal feed.

For the United States, all flavour ingredients contained in AGOLIN CALF are FDA approved.

Furthermore, all flavouring compounds used in the AGOLIN products are approved for food and appear on the FEMA/GRAS lists.
